— THE ARTIST

Cynthia Lundquist is a coastal painter based in San Clemente. She works in oil, and paints seascapes, landscapes, abstracts, florals, and figurative work.

She was in a gallery in Laguna for a few years, has had original paintings accepted to some juried exhibitions, and sells her framed giclée prints at upscale home and designer shops.

At the easel, painting plein air on the Laguna Beach coast.

Cape Cod Wave

ORIGINAL: OIL ON CANVAS BOARD

This painting was painted in Cape Cod — started it plein air on the sand and finished it up in the studio. This archival print is on watercolor-like paper and is a favorite with these coastal hues.

This painting was also commissioned to be a large painting over a fireplace.
